**Boardmaker** 

# The roots collect water. Plants drink like you and me.

**Boardmaker** 

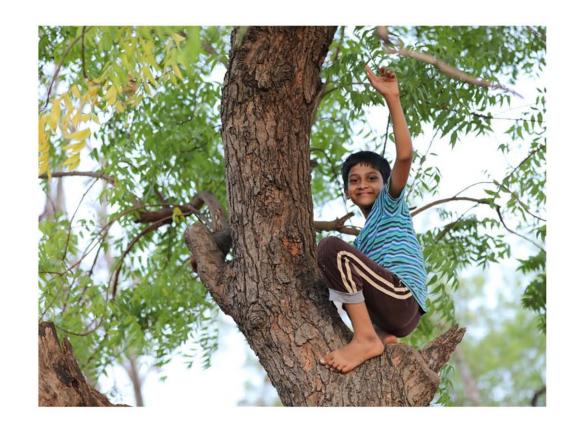

# The stem is the next part. It is the part above the ground.

Like this? Go to www.goboardmaker.com/curriculum © 2018 Tobii Dynavox LLC. All rights reserved.

**Boardmaker** 

# The stem gives a plant some height and moves water all around.

### Leaves are the next part, getting energy from the sun.

### They come in every size and shape and every color, too.

10

### Each and every plant you see has these four parts to show.

11

# And when each one does its job, it helps the plant to grow.

12
